## Important additional questions that may help you refine your application.

How will your application benefit the Parish of Urchfont, Wedhampton & Lydeaway\*?  
(While there are many worthwhile causes, USFCC\* is primarily interested in supporting good causes in the local community.)

How much of the funding that is required will your organisation raise for itself, and how will this be achieved?  
(USFCC is more likely to assist organisations that have made serious attempts to raise funds for themselves.)

Please explain whether the funding is for equipment and/or capital projects, or for day-to-day running costs?  
(USFCC does not normally fund running costs or maintenance—although there are exceptions.)

In what ways has your organisation and/or its members assisted in the running of the Urchfont Scarecrow Festival?  
(USFCC is more likely to assist organisations, or their members, that have assisted in running the festival in some way.)

When will your project begin? When will it be completed?  
(USFCC is more likely to favour projects that expect to begin in the near future, preferably within 12 months.)
